

# Remembering ADAM'S Commitment to the Volunteer Drug Screening Program

- ❖ **Providing the program**  
Remembering ADAM is committed to promoting a healthy drug free lifestyle within families and communities. This program will be provided free of charge as long as the procedure is followed and the commitment is steadfast.
- ❖ **Presenting the screening program**  
The program will be presented multiple times to various groups. These groups include administration, faculty and staff, students, parents and community.
- ❖ **Implementation of the program**  
We will work with advisors to formulate an action plan to promote and run the program.
- ❖ **Prevention Education**  
Seminars will be held for administration, faculty, staff, parents, and the adult community to increase awareness of current drug trends. Detailed information concerning drugs of abuse, signs and symptoms, effects, outcomes, prevention, and reference materials will be provided.
